

SC 34

The SC 34 was built with advice and input from B.C. Wildfire Service and our friends in the Squirrel Cage in downtown L.A. It was developed with two groups of end users in mind: International Wildland personnel that don't have a fire shelter requirement and USAR teams that need a 72-hour solution.

KEY FEATURES:

- 1 The zippered removable MOLLE-on Wing pockets hold up to three fuel bottles, three FSS canteen/water bottles, two 40oz water bottle, two 48oz Nalgene, and three 30oz Sigg bottles, or one 64oz water bottle growler per side
- 2 Zippered Fusee pockets (both sides) above four rows of PALS webbing for accessory connection
- 3 Includes a modified Shift Frame base system where the overload storage and pocket double as a load shelf. The Stick-it secures overload goods to the load shelf when bag is removed
- 4 Fire Belt Light system featuring 2" re-direct webbing and PALS web for MOLLE accessories
- 5 All body-facing components built with spacer mesh materials for moisture transfer and body heat dispersion
- 6 Pinstripe reflective ribbon
- 7 Fully adjustable Fire Yoke telescopes to fit any torso length, includes sliplocks on shoulder pads for adding saw pad and MR Talk Box accessories
- 8 Loop system for attaching MR Stick It, and makes it Med Lid, Big 10 Lid, or Hot Lid compatible
- 9 Back, side zip access to floating, padded sleeve that fits laptops up to 15" and document/tablet sleeve pocket also doubles as a hydration sleeve
- 10 Two internal removable medical or accessory pockets
