

FEMP ALS

The FEMP ALS (Advanced Life Support) is built for the Fireline Paramedic and EMT. It comes with an intubation roll specifically designed to fit into the pack along with an adjustable cylinder sleeve for oxygen tank storage. At 72 liters, the FEMP ALS can also hold all your personal and medical gear.

KEY FEATURES:

- 1 Fully adjustable Fire Yoke telescopes to fit any torso length, includes sliplocks on shoulder pads for adding saw pad and MR Talk Box accessories
- 2 Side and top haul loops for convenient transport
- 3 Updated removable medic pouches with rapid ID strips
- 4 2 side hydration pockets with external MOLLE for accessories
- 5 External shear pocket and quick clot access
- 6 Lockable bottom compartment for NARC kit
- 7 Compatible with med-lid, stickit, MOLLE Wing Pockets, hydration bladders, and fire shelter

INTERNAL FEATURES:

- 8 Integrated oxygen tank storage with an adjustable harness for various tank sizes
- 9 (2) large, (2) small, and (2) IV pouch for internal organization
- 10 FEMP ALS specific designed intubation roll included
- 11 Lid Detail pocket and elastic loops for additional med supplies
 - Increased internal volume over FEMP for personal gear and medic-specific intent
